

FroKnowsPhoto Guide to DSLR Video Mentorship Instructions

Thank you for signing up for this EXCLUSIVE mentorship program. Todd and I look forward to helping you take your DSLR videos to the next level. Our goal with this 1-on-1 mentorship program is to answer whatever questions you have in regards to DSLR Video.

Here is a general list of what you might have questions about:

- General DSLR Video Questions (not answered in the guide)
- I am not sure how to set my camera for a certain situation
- How much should I charge for this upcoming job?
- What gear do you think I need to rent or buy?
- Can you critique one of my videos?

When you do have questions, please follow the steps below to make sure we can answer your question as quick as possible.

When submitting a question via email please make sure to get right to the point and only include the information needed to answer your question. The reason we ask you for this is so we can answer your question as quickly as possible.

Step 1.)

Please watch the entire FroKnowsPhoto Guide to DSLR Video guide (along with the bonuses) and create a list of all the questions you have. Wait until you finish the entire program so that you have your list of unanswered questions ready. (some of your questions might be answered later in the guide so we ask that you watch the whole thing first)

Step 2.)

Send your questions via email to **dslrvideo@froknowsphoto.com** - please use ONLY this email address for your mentorship questions.

Use “**Guide to DSLR Video Questions**” as the subject line of the email. Please use this exact subject line so we don't lose track of your email and can answer all of your questions as quickly as possible. Also, please be sure to use the same email address you used when purchasing the guide otherwise we might not be able to validate your account.

Step 3.)

One of the best ways we can help you is to critique your videos. To submit a video please upload it to YouTube and share the link with us in your email. If you do not want the video public for everyone to see on your channel simply make it “unlisted.” This means only people you send the link to will be able to view it.

Step 4.)

Please allow up to 48 hours to receive an individualized answer to your questions from Jared and Todd. Due to the sheer volume of emails we both receive each day, failure to follow these directions may cause your email to become “lost” and unaccounted for.

If you do follow these instructions, Todd and I will provide a quick and detailed response to any question you have about DSLR video.

Keep in mind you can also ask us questions about your video, get a critique from us, get career advice...any question you have about DSLR video we're more than happy to answer!

We both look forward to seeing your creations and helping you break through to the next level as a photographer and now videographer.

To your success,

Jared Polin & Todd Wolfe
